

Annual Security Report

July 2007

A Message from the President of Georgia Military College

Your safety and the safety of all of our students, employees and visitors is of paramount concern to me and everyone at Georgia Military College. Please take the time to acquaint yourself with the contents of this report and make yourself more aware of safety in your daily life.

If you become aware of any unsafe situation at any of our campuses, please contact our Campus Police Department, the Dean of Students, or your Distant Learning Center Director.

1. Campus Police Department Welcome

The police and public safety officers of the Georgia Military College Campus Police Department are proud to serve the GMC community. They strive to get to know you and encourage you to help us help you by learning and abiding by established college regulations and municipal and state laws. Campus Police, in turn, pledges to perform its duties and various services consistently and effectively. By working together, we can enjoy a safe and successful year.

The Campus Police Office is located on the Milledgeville Campus in Baugh Barracks and is staffed 24 hours a day, 365 days a year. The department employs officers who specialize in security and safety. Distant Learning Centers and Extension Centers rely on local law enforcement and do not have a separate campus police force.

Please feel free to stop by the Campus Police Department or the Dean of Students' office to learn more about Public Safety operations or call one of the offices and speak to an officer or one of the staff. Remember, most accidents and injuries are preventable, so please make an extra effort to be safe and help us help you.

2. Campus Police Department—Our Charter

- **Protect and Preserve** life and property from criminal acts and physical hazards.
- **Increase Awareness** of safety issues and encourage participation in daily crime prevention efforts.
- **Provide Resources** and information necessary to assist citizens under special circumstances.
- **Be Responsible** for a high standard of professional performance and take every reasonable opportunity to enhance and improve knowledge and competence.
- **Treat all persons** with courtesy, dignity and respect.

3. Campus Police Services

The Georgia Military College Campus Police Department is responsible for personal safety and property security for GMC students, staff, faculty and visitors to our campus. To meet these important responsibilities, the Campus Police Department maintains a force of experienced police and public safety officers. They patrol campus on foot and in marked vehicles, protect and preserve life and property, assist in crime prevention, provide traffic and parking control, motorist assistance, and help secure campus buildings. The department contributes to the academic environment by performing professional security tasks with a proactive, victim-oriented, and educational approach.

4. Campus Police Authority and Jurisdiction

In Milledgeville, Campus Police have complete police authority to apprehend and arrest anyone involved in illegal acts on campus and areas immediately adjacent to the campus within 500 yards. If minor offenses involving GMC rules and regulations are committed by a college student, the campus police may also refer the individual to the Dean of Students for appropriate disciplinary procedures.

Major offenses such as rape, murder, aggravated assault, robbery and auto theft are reported to the local police and joint investigative efforts with investigators from GMC and the city police/county sheriff are deployed to solve these serious felony crimes. The prosecution of all criminal offenses, both felony and misdemeanor, are conducted through the Baldwin County courts. Crimes at DLCs and Extension Centers are handled by local law enforcement and local courts.

The Police Department handles routine and emergency telephone communications. Telephone communications with E-911 assures prompt response to medical and fire emergencies. When a duty officer is making rounds, the Dean of Students' office is the secondary place to report security problems.

GMC has mutual aid agreements with both city and county law enforcement agencies.

5. General Procedures for Reporting a Crime or Emergency

In Milledgeville, community members, students, faculty, staff and guests are encouraged to report all crimes and public safety related incidents to the Campus Police in a timely manner. At DLCs and Extension Centers, everyone is encouraged to report all crimes and public safety related incidents to local law enforcement and the campus Director in a timely manner.

In Milledgeville, crime reports may be made at any time either in person or by telephone at 445-2740. If you need to contact a police officer immediately, you should call his/her cellular phone at 288-0489 or you can call the duty officer pager at 445-2166. In an emergency, you can also use an emergency call box located near all parking lots on the Milledgeville campus.

Crimes should be reported to the Campus Police Department to ensure inclusion in the annual crime statistics and to aid in providing timely warning notices to the community, when appropriate.

If you are unable to contact a duty officer, please call the Dean of Students at 445-2710/2711. Crimes off campus should be reported to the Milledgeville Police Department (414-4000) or the Baldwin County Sheriff's Office (445-4891). Or, in an emergency, call 911. Students at DLCs and Extension Centers should contact local law enforcement or call 911.

6. Criminal Activity Off Campus

When a Georgia Military College student is involved in an off-campus offense, campus police officers may assist with the investigation in cooperation with local, state or federal law enforcement. Milledgeville Police routinely work and communicate with campus officers on any serious incidents occurring on-campus or in the immediate neighborhood and business areas surrounding campus. Georgia Military College operates no off-campus housing or off-campus student organization facilities. However, many GMC students live in the neighborhoods surrounding our campuses. While Milledgeville Police has primary jurisdiction in all areas off campus in Milledgeville, GMC officers can and do respond to student-related incidents that occur in close proximity to campus. GMC officers have direct radio communications with the city police, county sheriff, fire department and ambulance services to facilitate rapid response in any emergency situation.

7. Timely Warnings

In the event that a situation arises, either on or off campus that, in the judgment of the Chief of Campus Police, constitutes an ongoing or continuing threat, a campus wide "timely warning" will be issued. Warnings will generally include the nature of the threat, the source of the information and suggested precautions to be taken. The primary method of warnings will be through the college email system.

Depending on the particular circumstances of the crime, especially in all situations that could pose an immediate threat to the community and individuals, Campus Police may also issue notices through posting of flyers around campus, in-class announcements and other appropriate means.

8. Confidential Reporting

As a result of the negotiated rulemaking process that followed the signing into law, the 1998 amendments to 20 U.S.C. Section 1092 (f), clarification was given to those considered to be campus security authorities. Campus "Professional Counselors," when acting as such, are not considered to be a campus security authority and are not required to report crimes for inclusion into the annual disclosure of crime statistics. As a matter of policy, they are encouraged, if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics. The rulemaking committee defines professional counselors as: "An employee of an institution whose official

responsibilities include providing psychological counseling to members of the institution's community and who is functioning within the scope of his or her license or certification." Our counselors are located in Milledgeville in the Academic Support Services Department in the Nash House.

9. Access to Buildings and Facilities

During business hours, Georgia Military College (excluding cadet housing facilities) will be open to students, parents, employees, contractors, guests and invitees. During non-business hours, access to all college facilities is by key, if issued, or by admittance via the Campus Police or Tactical Officer for the barracks.

Employees, students, or visitors needing access to facilities after normal business hours must notify Campus Police and must have a valid reason and/or authorization to gain access. Anyone that has been served with a Trespass Warning or a Barring Notice must contact the Dean of Students to get approval before entering restricted areas. Violation of the policy could result in the arrest of the offender.

Police and public safety officers periodically check buildings during each shift. Duty Officers check windows and lighting and submit repair requests to Engineering, as needed. Note that the Building Coordinator and building occupants have primary responsibility for building security. Students, staff and faculty are encouraged to report all safety-related requests to Engineering through either work order or by calling Campus Police at 445-2740.

All dorms are limited access areas. Access to the female quarters is restricted to resident female cadets only. Any male cadet or non-resident (male or female) found on the female hall or rooms who is not escorted by the Commandant's staff will be removed immediately. Violators of this policy are subject to disciplinary action.

All male cadet quarters are restricted to resident male cadets only. This area is off limits to all females and all non-residents. Violators of this policy are subject to disciplinary action.

10. Security Awareness Programs

Personal safety and property security at Georgia Military College are everyone's responsibility. The Campus Police Department urges all members of the Georgia Military College community to participate in making our campuses as safe as possible. By developing good habits, you can assist us in safeguarding both your property and the college's property. In the event of suspicious or criminal activity, promptly call Campus Police. At DLCs and Extension Centers, call local law enforcement.

To develop good safety habits, follow these security tips:

Safety in Your Car:

- Always lock your car.
- Check the back seat before you get in.
- Have our keys in hand so you do not have to linger before getting in, especially at night.

Safety Outside and at Night:

- Walk confidently, directly, and at a steady pace. Walk on the street facing traffic.
- Stay in well-lit areas as much as possible.
- Never work alone in an office or classroom on campus at night. Arrange a buddy system with someone with whom you work or study.
- When you feel you are in danger, attract attention any way you can. Do not be reluctant to scream and run.

Residence Hall Safety:

- Lock your door when you leave the room, even if you will be gone only a few minutes. It takes about 8 seconds for someone to walk into an open room and remove an item.
- Notify a Tactical Officer and Campus Police of any suspicious loiterer in the vicinity of your room, hall, or building.
- Never leave purses, wallets, jewelry or other valuables unattended.
- Make a list of your valuables with a description and serial number and keep it on file in your room. Write your name in your textbooks to reduce theft.
- Never prop open any exterior entry door to your room, suite, or dorm. This compromises everyone's safety.
- Never let a stranger into your building.

The Georgia Military College Departments of Health Services and Campus Police offer many public health and safety educational programs to serve the college community. These programs are designed to promote communication and education about safety issues important to the students, staff and faculty. These departments regularly present programs using pamphlets, videos and other media to resident students and other campus groups. These programs include:

DUI/Alcohol (Drug Awareness): An overview of the liabilities and dangers involving the consumption of alcohol or drugs and the added dangers of driving while under the influence.

Residence Hall Security: Deals with security and preventative measures in the barracks.

Personal Safety for Women: Teaches women how to defend themselves through alertness, prevention, precaution and preparation using the SAFETY method.

Date Rape Prevention Program: Addresses the current view on this subject. It teaches women to be more aware of their surroundings. Goes into an overview of the currently known date rape drugs.

Workplace Violence Prevention: Addresses the problems and characteristics associated with workplace violence and preventative measures.

Operation Identification: Provides a means for students to have valuables marked so they can be readily identified.

11. Prevention of Workplace Violence

Workplace violence describes violent acts directed towards a person at work or on duty (i.e., physical assaults, threats of assault, harassment, intimidation, or bullying). Workplace violence can occur at the school, on official travel or during training. Violence that occurs in the workplace may be classified in the following ways:

- **Criminal**: when the perpetrator has no legitimate relationship to the school or its employees and is usually committing a crime in conjunction with the violence (e.g., robbery or trespassing).
- **Customer (Student)**: when the perpetrator has a legitimate relationship with the school and becomes violent while being served by the school (e.g., students or any other group that the school provides services).
- **Co-Worker**: when the perpetrator is an employee, past school employee or contractor who works as a temporary employee on campus and who attacks or threatens another employee.
- **Domestic Violence**: when the perpetrator, who has no legitimate relationship to the school (but has a personal relationship with the intended victim), threatens or assaults the employee at the school (e.g., family member, boyfriend, or girlfriend).

If you are a victim of workplace violence or you are aware of someone else who is a victim, you should immediately report to your supervisor and Campus Police.

12. Alcoholic Beverages and Illegal Drugs

Georgia Military College is a Drug-Free School (GMC Policy 5007 “Drug Free Workplace” http://97.80.148.37/sacs/compliance/policy_report.html). Drug-Free Schools and Campuses Federal Regulations require that, as a condition of receiving funds or any other form of financial assistance under any federal program, an institution of higher learning must certify that it has adopted and implemented a program to prevent the unlawful possession, use or distribution of illicit drugs and alcohol by students and employees.

The Dean of Students is responsible for institutional compliance with the Drug-Free Schools and Campuses Regulations. The Chief of Police for Georgia Military College is the primary action officer for ensuring compliance on the Milledgeville campus and the Director is the primary action officer at the DLCs and Extension Centers. Both the Dean of Students and Chief of Police are located on the Milledgeville campus in Baugh Barracks. The Dean of Students can be reached by phone at 478-445-2710 and the Chief of Police can be reached by phone at 478-445-2740. Both can be reached by mail at: Georgia Military College, 201 East Greene Street, Milledgeville, GA 31061.

Georgia Military College’s program: Georgia Military College supports the laws and regulations of the United States of America, the State of Georgia, Baldwin County, and the City of Milledgeville. Each student and employee is expected to do the same. As part of these laws and regulations, the unlawful manufacture, distribution, dispensing, possession, or use of alcohol, illicit drugs, or any other controlled substance on campus or as a part of any college-related employment or student activity is prohibited. Each current student and employee must abide by the terms of this statement and employees must notify the college in writing of any

conviction for a violation of a criminal statute no later than five calendar days after such conviction.

Program prohibitions: Georgia Military does not condone the possession, consumption, ingestion, or inhalation of illicit substances (drugs and alcohol) that have the capacity to change a person's mood, behavior, or mind, or modify and relieve pain, such as, but not limited to marijuana, opiates, amphetamines, barbiturates, hallucinogens, psychedelics, or solvents. Any person or persons found to be in violation of local, state or federal narcotics laws will face prosecution.

Any open consumption of alcoholic beverages on Georgia Military College property is strictly controlled and is not allowed when/where students are present. Any on-campus alcohol consumption by employees or guests requires that Campus Police/Public Safety be on site. Consumption of alcoholic beverages by anyone under the age of 21, as well as furnishing alcoholic beverages to persons under the age of 21, is a violation of state law.

Health risks associated with the use of illicit drugs and the abuse of alcohol: All substances of abuse alter consciousness and mood. The unpleasant side effects do not mean substances will not be abused. Health related and psychological effects are major concerns when individuals choose to abuse alcohol and drugs.

Methamphetamine: Produces stimulant effects. However, the long-term psychological effects can include confusion, memory loss, learning difficulties, depression, sleep problems, anxiety, and paranoia. This drug reportedly suppresses the need to eat, drink, or sleep and may lead to severe dehydration and heat stroke (body temperatures can reach 107-109 degrees Fahrenheit.) An overdose is characterized by rapid heartbeat, high blood pressure, faintness, muscle cramping, panic attacks, and in more severe cases, loss of consciousness or seizures.

Alcohol: Acts as a depressant, affects mood, dulls the senses, and impairs coordination, reflexes, memory, and judgment. Alcohol dilates blood vessels and increases heat loss and flushing, is an anti-diuretic and interferes with hormones. More serious effects may be damage to the liver, kidneys, pancreas, and the brain. On average, heavy drinkers shorten their life spans by approximately 10 years.

Marijuana: Prolonged use can lead to severe psychological dependence. An immediate increase in heart and pulse rate may cause an acute panic anxiety reaction. Marijuana causes impairment of memory, altered sense of time and an inability to concentrate. It may cause apathy/loss of motivation, and broncho-dilation. Circulatory changes are similar to that seen with stress, dryness of mouth/throat, and red eyes. Chronic lung exposure impairs airflow. Marijuana has carcinogens and toxic compounds and can result in decreased testosterone levels, diminished sperm count, and abnormal sperm.

Cocaine: Causes increased heart rate, breathing rate, and body temperature. Causes chronic runny nose and membrane infections. Overdose may result in seizures, heart failure, coma, or death.

Opiates: Users are highly susceptible to physical dependence. Drug may cause infections of the skin, liver, heart, and lungs. Nausea, emesis, constipation, and respiratory depression are usual causes of death.

Tobacco: Causes shortness of breath, nagging cough, and heart difficulties. Long-term effects may be emphysema, bronchitis, heart disease, and cancer. Causes an increase in asthma and allergy related symptoms, stroke, slowed wound healing, infertility, peptic ulcer disease, and pneumonia.

Legal sanctions under local, state or federal law for using illicit drugs or alcohol on one of the Georgia Military College campuses or as part of its activities: If one is convicted of violating criminal laws or found in violation of campus regulations concerning alcohol or drugs, one may be subject to both civil and college disciplinary action. Legal sanctions may include community service, prison terms, loss of driving privileges, and mandated rehabilitation programs. Additional applicable sanctions may include loss of academic credit and/or termination of employment. If an employee is convicted of violating criminal laws or found in violation of campus regulations concerning alcohol or drugs, in addition to civil action, the employee is subject to termination. Failure to disclose previous convictions on a job application is grounds for termination.

Any student organization that knowingly permits or authorizes the sale, distribution, serving, possession, consumption of alcohol, or use of marijuana, a controlled substance or a dangerous drug, at any social event or otherwise, when such sale, distribution, serving, possession, consumption or use is not in compliance with the laws of the state, shall have its recognition as a student organization withdrawn for a calendar year from the day of determination of guilt. The organization shall also be prohibited from the use of all property and facilities of the institution.

Counseling, treatment or rehabilitation or re-entry programs: On the Milledgeville campus, the Department of Health Services sponsors on-going programs specifically addressing substance abuse, responsible decision-making and healthy lifestyles. Literature and pamphlets available through Health Services and participation in National Collegiate Alcohol Awareness Week and National Collegiate Drug Awareness Week are examples of such programs. For main campus students seeking assistance with suspected drug or alcohol problems, the offices of Academic Support Services and Health Services are available for initial dialogue and assistance in defining the extent of any problem. Employees should seek assistance through the Personnel Office. If a substance abuse problem is determined to exist, referral may be made to the Oconee Center Alcohol and Drug Service (478-445-5518) or other certified rehabilitation programs. DLC/Extension Center students should seek help at a local hospital.

Disciplinary sanctions for students and employees: College Disciplinary Sanctions for Students include the possibility of suspension and expulsion (*See Student Handbook, "Student Code of Conduct"*). Junior College and Preparatory School students that are found guilty of violating this policy will be referred to a disciplinary committee. The disciplinary committee can impose sanctions up to and including expulsion. Members of the Corps of Cadets who are found guilty of using any illicit drug are subject to immediate and permanent dismissal from the Corps of Cadets.

Each employee convicted for felony and/or misdemeanor violations of criminal alcohol or drug statutes may be subject to strong disciplinary action up to and including termination of employment, or may be required to participate satisfactorily in a drug abuse or rehabilitation program.

Parental notification: In accordance with recent amendments to the federal General Provisions Act, an institution of higher education may disclose to a parent or a legal guardian of a student information regarding any violation of any federal, state or local law, or of any rule or policy of the institution governing the use or possession of alcohol or a controlled substance, regardless of whether that information is contained in the student's education records, if (a) the student is under the age of 21, and (b) the institution determines that the student has committed a disciplinary violation with respect to such use or possession.

Policy Distribution: The primary means of distribution for Georgia Military College's Drug-Free Schools and Campuses policy is its website at <http://www.gmc.cc.ga.us>. The policy is also available in this Annual Security Report produced by Campus Police and distributed to students and employees by email notification and posting to the website. To review the Annual Security Report, please visit this website: http://www.gmc.cc.ga.us/gmc_college/student_life/sec_reports.html. Paper copies of the Annual Security Report are available upon request from Campus Police or the Dean of Students and are distributed to new students during Orientation.

13. Sex Offenses

Educational Programs: The Department of Health Services offers prevention seminars on *Acquaintance Rape* and *Sexual Assault Prevention*. The department offers seminars, educational material, and victims' assistance to the college community. Should you be a victim of sexual assault call local Law Enforcement and go to the Oconee Regional Medical Center (ORMC) for treatment. Victims at DLCs and Extension Centers should contact local law enforcement and go to the nearest hospital.

Victims' Bill of Rights:

- a. The accused may be released from custody prior to trial.
- b. Victims have certain rights during the stages of the Criminal Justice process.
- c. Additional general information may be obtained by contacting the District Attorney.
- d. Victims may be eligible for out-of-pocket expenses from the Crime Victim's Compensation Program.
- e. Victims may have available to them certain community-based service programs. For information, contact the Georgia Helpline at 1-800-338-6745. They will connect you with local victim assistance in your area.
- f. Victims must meet any applicable obligations (provide a current phone number and address).

If you are the victim of sexual assault:

- Get to a place of safety
- Try to remain calm and alert.
- Call 911 and get necessary medical treatment
- Call 445-2740 or 288-0489 (Campus Police cell phone) for transport to ORMC.
- Do not change your clothing
- Do not clean your body or your clothes
- Do not disturb or alter the crime scene.
- Report the offense to law enforcement and Campus Police in a timely manner.
- Remember: the preservation of physical evidence is critical for successful prosecution of the offender. Time is a critical factor for evidence collection and preservation.

Notification Options: Victims of sexual assault are afforded rights that are recognized by Georgia Military College. These rights include assistance by the college to help the victim. Georgia Military College personnel will assist the student in notifying authorities, if the student requests assistance.

In the event of a sexual assault, please contact local law enforcement immediately and seek treatment at a local hospital. At the Milledgeville campus, contact ORMC. Then, call the Health Services Department, Campus Police, or the Dean of Students' Office. DLC/Extension Center victims should contact local law enforcement and then the campus Director. If you are a victim of an alleged sexual assault, Georgia Military College will change your academic and living conditions if you request them and they are reasonably available.

The student has the option to notify appropriate law enforcement authorities, including Campus Police (Callbox or 288-0489), Milledgeville Police (414-4000), and/or Baldwin County Sheriff (445-4891). DLC/Extension Center students should notify their local law enforcement.

Counseling: In Milledgeville, the Academic Support Services Department has trained counselors available to assist victims. These counselors are located in the Nash House (445-2717). Although DLCs and Extension Centers do not have trained counselors, these services are readily available at local hospitals.

Disciplinary Actions: The accused will be afforded all due process rights. Both the accuser and the accused will be informed of the outcome of any institutional disciplinary proceeding that is brought alleging a sex offense. As a minimum, both the accuser and the accused will be notified of the final determination and any sanction that is imposed against the accused.

Sanctions: Offenders are subject to arrest, incarceration, and prosecution through the State courts. As a student, you are also subject to college judicial proceedings that may result in permanent expulsion from Georgia Military College. The college judicial proceedings are independent of any civil or criminal proceedings.

The Dean of Students coordinates all judicial proceedings involving alleged sexual misconduct of students. The Executive Vice President coordinates all judicial proceedings involving alleged misconduct of staff and faculty. See the Student Handbook for further details.

Sex Offender Information: The Campus Sex Crimes Prevention Act (CSCPA) of 2000 is a federal law that provides for the tracking of convicted sex offenders enrolled at, or employed by, institutions of higher education. The CSCPA is an amendment to the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Act. The federal law requires state law enforcement agencies (in Georgia, it is the Georgia Bureau of Investigation) to provide Georgia Military College with a list of registered sex offenders who have indicated that they are either enrolled, employed or carrying a vocation at Georgia Military College.

In accordance with Georgia Code 42-1-12, the Georgia Bureau of Investigation (GBI) is the central repository for Georgia's Violent Sexual Offender Registry. This registry holds information pertaining to sex offenders who have been released from prison, placed on probation, parole, or supervised release after July 1, 1996. According to this law, the Department of Corrections will notify offenders that they must register with the Sheriff at their county of residence, employment and where attending school. A list of all registered sex offenders in Georgia is available from the GBI at: <http://services.georgia.gov/gbi/gbisor/disclaim.html>

For the Sandersville Extension Center—enter Zip Code 31082—Washington County

14. Parking Services

All students, staff and faculty operating motorized vehicles on the Georgia Military College campus are required to register their vehicles. Parking permits are issued free of charge and are available from the Dean of Students' office or Campus Police. Specific rules and regulations are provided at the time of vehicle registration.

Helpful Parking Information

- a. Every person parking a vehicle on GMC property must have a GMC parking permit.
- b. Parking is permitted on the Milledgeville campus as specified below:
 - (1) Cordell Events Center parking and Miller Hall parking are restricted to college commuter students as indicated by signs.
 - (2) Parham Hall lot is restricted to staff & faculty and high school students as indicated by signs.
 - (3) Ruark Athletic Complex is staff & faculty parking only.
 - (4) Baugh Barracks parking is restricted to college cadets only.

- (5) Staff & faculty have designated parking between Main Barracks & Vinson Hall and between Jenkins Hall and Wilder Hall.
- (6) Handicapped parking areas are clearly marked in the vicinity of the Cordell Events Center, Miller Hall, Parham Hall, Ruark Athletic Complex, Wilder Hall, and Baugh Barracks.
- c. Persons violating any of the above parking provisions or parking in any restricted area such as yellow zones, fire hydrants, fire lanes, on grass or in handicapped areas are subject to fine and possible vehicle towing.
- d. Persons parking on public streets surrounding GMC property are also subject to the provisions of local city and state parking ordinances. GMC Police help enforce these local ordinances.
- e. Georgia Military College reserves the right to search any vehicle parked on GMC property.
- f. If your decal is lost or stolen, report it to Campus Police as soon as you notice it missing. There is no charge for replacement decals. If you find a hanging decal that is not yours, please return it to Campus Police or the Dean of Students' Office.

How to Avoid Parking Citations: If you follow a few simple rules, and if you park where your permit is valid, then you should never get a citation.

- a. Be familiar with all parking lots on campus and particularly the lots where your permit is valid. Remember, parking is on a first-come, first-served basis. If a lot is full, try another lot where your permit is valid.
- b. Have a properly displayed, valid GMC parking permit:
 - Hanging permits should be hanging from the rear view mirror of your vehicle.
 - Permit stickers should be placed in the lower left corner of the rear window's glass (driver's side).
- c. Never park in a tow zone, service, or maintenance space.
- d. Never park on the grass.
- e. Never park in a handicap space unless you have a handicap placard issued to the driver. Using someone else's placard is against the law.

15. Tobacco Free Zone

Smoking and other use of tobacco products is prohibited at all times on the Old Capital Square, in GMC vehicles and in all GMC buildings and facilities, or portions thereof, which are owned, rented, or leased. This proscription applies to all students, staff, faculty and visitors. In addition to the Old Capital Square, the tobacco-free zone includes the immediate vicinity of the Cordell Events Center and the immediate vicinity of the main entrance to buildings/facilities.

At parades and sporting events, the narrator will remind the audience that the event is tobacco-free and request that people abstain from tobacco use until after they leave the Old Capital Square. Narrators/announcers at athletic events will remind audiences that these events are tobacco free. This proscription is limited to property owned/controlled by Georgia Military College. Preparatory school cadets will not use or possess tobacco products on campus, or at any event while representing Georgia Military College, or at any time the cadet uniform is worn.

16. Possession of Weapons

All persons are prohibited from the possession of firearms on Georgia Military College property except for law enforcement officers, judges, and district attorneys. The possession or use of any other offensive weapon is prohibited. "Weapon" is defined by Georgia state law as being inclusive but not limited to the following: pistol, revolver, or any device designed to launch a projectile of any kind to include BB and Pellet guns/pistols, any dirk, bowie knife, switchblade knife, ballistic knife, and other knife having a blade of two or more inches, straightedge razor, razor blade, spring stick, metal knucks, blackjack, any bat, club, or other bludgeon-type weapon, or any flailing instrument consisting of two or more ridged parts connect in any manner, including numchahka, numchuck, numchaku, shuriker, or fighting chain, or any disc of whatever configuration, having at least two points or pointed blades which is designed to be thrown or propelled and which may be known as a throwing star or oriental dart or any weapon of any kind, and any stun gun or laser.

17. Bomb Threats

Bomb threats usually come by telephone. If you receive such a call, remain calm and try to elicit as much information as possible from the caller. Ask the following:

- When will the bomb explode?
- What kind of bomb is it?
- What will cause it to explode?
- Why did you select this place for it?
- What does it look like?
- Did you place the bomb? Who did? Why?
- Where is it right now?
- What is your address? Your name?

--Call 911 immediately and then call Campus Police at 445-2740 (office) or 288-0489 (cellular) to give them the information, describing the caller's voice, any background noises, and the exact wording of the message.

--Notify an official of the building you are in and evacuate the building.

--Do not touch suspicious packages.

18. Campus Vandalism and Theft End Up Costing You

Damage and theft raises educational costs and students are often the ones who pay for those increases. Be alert for the following:

Vandalism: Destruction of property can interrupt your learning and social life. Report any instances of vandalism to authorities immediately. Remember that destroying property is illegal and costly.

False Fire Alarms: These endanger everyone and increase the cost of fire protection. A false alarm is not a joke—it is a crime and we will prosecute.

Theft: Anyone who steals equipment, furniture or books from campus is actually stealing from you! Remember—keeping quiet about theft does not pay—it costs. Report suspicious people or activities to Campus Police as soon as possible.

19. Safety & Facilities Committee

The Safety and Facilities Committee deals with issues that affect the health and safety of the college community and the natural environment. For more information, call 445-2714.

Right to Know: Employees of the State of Georgia have the “Right to Know” about the hazardous chemicals in the workplace. Under the State of Georgia “Public Employee Hazardous Chemical Protection and Right to Know Act of 1988,” employees must be informed of the following requirements of the law:

- your right to receive information regarding hazardous chemicals faced on your job
- your right to receive formal training and education on hazardous chemicals
- what a Material Safety Data Sheet (MSDS) is and how to use it
- where hazardous chemicals are used in your work area
- your physician’s right to get information on the chemicals to which you may be exposed

You may present a written request to receive a MSDS for any chemical used on your job. Requests for MSDS and questions concerning the provisions of the law may be directed to GMC’s Facilities Engineer and Chairman of the Safety & Facilities Committee (445-2714).

Chemical Spills: Do not try to clean up a chemical spill unless you know the chemical(s) involved, the protective environment and materials needed, and how to proceed without endangering yourself or others.

In the event of a spill:

- Give first aid and phone for medical help for injured persons.
- Confine the spill by spreading absorbent material around the spill area.
- If flammable liquids are spilled, extinguish all sources of ignition (such as Bunsen burners) and do not turn on any electrical switches (such as lights) or equipment.
- Call Engineering at 445-2714 to report the problem.

Hazardous Gas Leaks

For known or suspected gas leaks:

- Turn off the gas source if possible.
- Extinguish all sources of ignition. Do not turn on any electrical devices, including lights.
- In case of natural gas leaks, immediately call the gas company.
- Evacuate the room and shut the door.
- Notify Georgia Military College Campus Police at 445-2740/2710.

Fire Safety

Prevention is the best approach to fire.

- Know where fire alarms and portable extinguishers are located.
- Know what immediate hazards might cause a fire or become dangerous in a fire (blocked corridors, chemical storage, propped open smoke and stairway doors).
- Know who to call and keep the number near the phone.
- Know where exits are located.

In the event of a fire:

- Pull the fire alarm if one is available and start an orderly evacuation even for a small fire—a closed room can reach 1500 degrees within three minutes.
- From a safe location, call the fire department (911).
- From a safe location, call Campus Police at 445-2740/2710 or 288-0489.
- If you are trained in the use of portable extinguishers, and it is safe to do so, attempt to put out the fire.
- If the fire is too large for the use of a portable extinguisher, do not consider trying to extinguish it yourself. Evacuate the room and close the door.
- Report to emergency personnel after you have evacuated.

Tornadoes: A tornado watch means conditions favor the formation of tornadoes. A tornado warning means a tornado has actually been sighted in the area. There is a tornado emergency plan for each campus building. In case of a tornado:

- Go to the basement, or the lowest floor possible.
- Avoid windows and doors; interior hallways and wall are safer.
- Avoid auditoriums, gymnasiums, or other structures with wide free span roofs.
- Take shelter underneath your desk, or any heavy piece of furniture
- Curl up to protect your head and eyes.

Emergency/Disaster Preparedness: All GMC employees are encouraged to familiarize themselves with our Emergency/Disaster Preparedness SOP for more detailed information.

20. Reporting the Annual Disclosure of Crime Statistics

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, codified at 20 USC 1092 (f) as a part of the Higher Education Act of 1965, is a federal law that requires colleges and universities to disclose certain timely and annual information about campus crime and security policies. All public and private post-secondary educational institutions participating in federal student aid programs are subject to it.

The law, originally enacted by Congress in 1990 as the Campus Security Act, was championed by Howard and Connie Clery after their daughter Jeanne was tragically murdered at Lehigh University in 1986. Amendments to the Act in 1998 renamed it in memory of Jeanne Clery. The Clery Act requires colleges and universities to publish an annual report every year by October 1st that contains 3 years worth of crime statistics and certain security policy statements including sexual assault policies which assure basic victims' rights, the law enforcement authority of campus police and where the students should go to report crimes. The complete text of the Clery Act is available on the Security On Campus website at www.campussafety.org.

Cooperation between Georgia Military College and the municipal, county, and state agencies is excellent and there are regular exchanges and distribution of information regarding local crime threats to Georgia Military College. It is the policy of Georgia Military College to comply with all state and federal legislation pertaining to the Open Records Act and the Clery Act. Campus Police will, upon request, release any and all information required by law.

21. Crime Reportable to the Department of Education
