Academic Advisor

Date

¹Mathematics majors may not use MAT 106 for Area A2. MAT 112 or MAT 201 is recommended.

²PER 101 is required for all degree-seeking students and must be completed during a student's first term of enrollment at GMC. Students transferring 36 or more quarter hours into GMC in good academic standing according to GMC standards of academic progress may petition to the Associate/Assistant Academic Dean for a waiver. Students not required to take PER 101 must substitute any Institutional Options.

³PER 102 should be taken after successful completion of PER 101 and ideally during the final term of a student's first year.

⁴Recommended for Education and Health & Education majors.

⁵Cadets only.

⁶Pre-Nursing majors who need a medical terminology course for their follow-on college should take BIO 103.

⁷If ENG 221/222/231/232 is taken, the student must take HIS 101A or HIS 102A for the Area E elective.

⁸Pre-Nursing majors must complete the BIO 123 and 124, CHE 101 and 102, or PHY 111 and 112 lab science sequence. Health and Physical Education majors must take BIO 123 and BIO 207.

⁹MAT 200 is required for Psychology majors. MAT 200 is recommended for Education majors.

¹⁰Elective must be HIS 101A or HIS 102A if ENG 201 or ENG 202 not taken in Area C. ECO 201, ECO 202, PSY 200, or SOC 200 recommended for Education majors.
